The secretary must post the schedule and submit a copy to the President of TCBA by the second bowling date of the season.
2. Each sponsoring bowling center will be guaranteed at least one host date, if the host dates have not been filled, the secretary will go back through the list of sponsors that have sponsored more than one team until the host dates are filled. If there are too many sponsors in the second round the host dates will be selected by draw. Those sponsors not receiving a second host date, but sponsoring more than one team will be used the following year for the second round before a drawing is used. This method will be used when subsequent rounds are needed.
3. A region consists of those districts that operate under the same secretary.

If a region originally had more host centers than dates, it may assign the open date to that center, or conduct a drawing between centers if more than one center is involved. In the case of refusal to pay on the bowling date involved, it shall be deducted from the team prize monies at the end of the league year.

2. Appropriate attire only will be worn while bowling in TCBA functions. Pregnant ladies shall not be fined when they can no longer wear their sponsor's bowling shirt. #### **RULE 7 – ENTERING AVERAGES**

1. Individuals will use the same average maintained in the TCBA from the prior season, providing they finished with twenty-one (21) or more games. All others shall use their highest USBC average of twenty-one (21) games or more from the previous year (highest USBC or YABA book average). If a bowler has no USBC or YABA average from previous year, then a verifiable winter league average of twenty-one (21) games or more can be used. A bowler who has none of the above may use their last current book average going back no more than two (2) years (USBC or YABA book average). If a bowler has none of the above, she may enter the league with a one hundred sixty-five (165) average. If the bowler only has a Sports league average they must add fifteen (15) pins to their average if bowled twenty-one (21) or more games.

#### **Teams**

1. The TCBA will operate on a no maximum - no minimum team entering average and no minimum or maximum handicap at any time during the season.
2. Each member will use her entering average for a minimum of twelve (12) games in TCBA competition. Her current average will be computed following the three (3) game set in which the twelfth (12<sup>th</sup>) game occurs.

#### **RULE 8 – TEAM HANDICAP**

1. The handicap allowance shall be ninety percent (90%) of the difference in a team's current lineup average and the base of one thousand and fifty (1050). If one team in a contest has a current team average over one thousand and fifty (1050), that team will have a negative handicap of the difference between their current team average and one thousand and fifty (1050). If both teams are over the one thousand and fifty (1050) current average, they both shall receive negative handicaps of the difference between their current team average and one thousand and fifty (1050).
2. Handicap will remain the same for both three (3) game blocks unless a new member is added or will have completed twelve (12) games prior to completion of six (6) games.

#### **RULE 9 – TEAM ROSTERS & AVERAGE PROOF**

1. A team is allowed to carry up to an eight (8) women roster through the season provided all members meet the requirement of Rule 7-1 (Entering Averages). It is the team captain's responsibility to supply the District/Regional Secretary with verified average proof through either an association yearbook or an association secretary letterhead. It is the District/Regional Secretary's authority not to accept any bowler into TCBA unless she is satisfied that the average information submitted is authentic or verified. The District/Regional Secretary is directed by TCBA to have on record a visible form of average verification on all bowlers before she can legally accept them into the district for active competition. Any team captain who fails to supply average verification to the District/Regional Secretary on any bowler actually used in a lineup will be subject to action under USBC, Rule 103 - Board of Directors Authority. The Board of Directors may declare forfeited or null and void any protested or disputed games.
2. No TCBA member may bowl in more than one (1) district at a time in a single season.

3. Once a team member is officially dropped from the roster, that member may not bowl for any other team in the District for the remainder of the season unless she returns to her original team.
4. Any bowler dropped from a roster in good standing with the TCBA may legally join another team that same season in a different District/Region, provided there are still at least fifteen (15) games remaining on the schedule, but she must first obtain approval in writing of a majority of the Board of Directors of the District/Region she is leaving and also of a majority of the Board of Directors of the District/Region she will be joining.
5. New players cannot be added to a team's roster in the final two (2) dates or four (4) sets in the district schedule except under the provisions of USBC rules. Only those members having bowled fifteen (15) or more games that season are eligible to bowl the final four (4) sets of the season. No member may participate in the National Playoffs unless she has twenty-one (21) games to her credit.
6. The TCBA does not allow pacers or substitutes.

#### **RULE 10 – POSTPONEMENTS (PROCEDURE TO FOLLOW)**

1. The Regional President shall appoint a postponement committee, and they shall determine what sufficient cause to grant a postponement is. In the event of hazardous driving conditions or whatever emergency might occur, the Regional President and Secretary shall be responsible for reaching a decision and reporting the decision to all team captains (by telephone) at least four (4) hours prior to the scheduled time to bowl, unless time does not permit this.
2. If a team is unable to bowl at the regularly scheduled time the Regional Secretary must be notified at least forty-eight (48) hours in advance, except for emergencies. The Postponement Committee shall determine whether there is sufficient reason to grant a postponement, but it cannot adopt a rule that would have the effect of not permitting any postponements. See USBC rules.
3. If a postponement is granted the Regional Secretary will notify the opposing team captain and the procedure outlined in USBC rules will be followed to schedule the postponed or unopposed match. When a team is authorized to pre-bowl or bowl unopposed, the Regional Secretary will inform the opposing team captains, giving them the opportunity to bowl the match head-to-head.
4. The teams involved have the option to request the Regional Secretary to arrange for a head-to-head makeup or to bowl unopposed. The scores of the team that bowls first will be kept by the Regional Secretary until the opposing team bowls. All game scores bowled by a team (bowling unopposed, before or after the regularly scheduled date) will not be made available to the opposing team until each game is bowled in succession.
5. Those games bowled at a date other than when the entire league is bowling shall count in the point factor for Bowler of the Year or the Most Valuable Bowler.
6. Postponements should be made up before the next bowling date in regions that bowl every other week (or fourteen (14) days, if it so applies).
7. Unopposed makeups must be made up before the next bowling date or two weeks, whichever is longer. Failure to bowl the unopposed makeup in this time frame will result in forfeit of the match unless the team was faced with an emergency situation, in which case the League Board of Directors shall give an extension.

#### **RULE 11 – ABSENTEE SCORES**

Absentee scores shall be allowed when a team has a legal lineup but less than a full team at the beginning of any game in a series. The absentee score shall be ten (10) pins less than the absent member's average. The handicap shall be figured counting the actual average of the absentee. In the event a team shall not have a complete five (5) members present, but the legal lineup, the absentee score(s) shall be based on the member's average with the most games bowled, less ten (10) pins. If absentees have the same number of games, the highest average shall be used. Vacancy scores must be used until the member has actually bowled in the league this season.

## **RULE 12 – LATE ARRIVALS**

Player arriving after the opposing team's lead-off bowler has thrown her first (1<sup>st</sup>) ball in the fifth (5<sup>th</sup>) frame is ineligible to bowl that game.

## **RULE 13 – VACANCY SCORE**

Vacancy score shall be one hundred and fifty (150) at all times for those teams who can't field five (5) members at the start of the game.

## **RULE 14 – FORFEITS**

A legal lineup shall be declared if three (3) members are present to bowl. Less than three (3) by the completion of the first (1<sup>st</sup>) frame will be illegal and shall constitute forfeit of games involved. If a team draws a forfeit, the opposing team must still earn those points by bowling within seventy-five (75) pins of their team average every game to win the points involved. If the team does not, neither team will be awarded the points and the point money involved will be put into the general coffer for all teams to share.

## **RULE 15 – POINT SYSTEM**

1. The TCBA bowls on a four (4) point system - one (1) point for each game won and one (1) point for series win.
2. A replacement team shall assume the position standings of the original team.
3. Each district must bowl the total one hundred and eight (108) games per team to achieve the one hundred and forty-four (144) combined points.
4. Standings shall be based on the combined points won per team.

## **RULE 16 – MISCELLANEOUS**

1. All scores of all bowlers must be added as soon as they are bowled, unless it is a string of strikes, whereby as soon as the string is finished the pin count will be added immediately.
2. No children shall be allowed in the pits at any time - only scorekeepers and bowlers.
3. Under no circumstances will the schedule be changed whereby one team would normally be bowling both sets on the same pair of lanes for the day, that is, if the position round is bowled on one pair, it may be that a team would in normal rotation be returning to the same pair. That is necessary as the districts are comprised of four (4) teams and as you don't bowl a complete position round, but only district position rounds.

## **RULE 17 – DISTRICT PLAYOFF TIES**

1. Total pins in a series of three (3) games shall determine the winners of any playoff for first (1<sup>st</sup>) place. If two (2) teams are tied at the end of the season, a match must be bowled in a neutral house within the district with the Regional Secretary present. The pair of lanes used will be selected by draw.
2. The first (1<sup>st</sup>) place roll-off must be bowled within forty-eight (48) hours of the end of the regular season. Forfeiture will be declared unless it conflicts with USBC rules.
3. If a tie still exists after regular bowling of three (3) game series, a "sudden death" tenth (10<sup>th</sup>) frame will be bowled and the team with the most pin fall will be District Champions.
4. If more than two (2) teams finished tied for first (1<sup>st</sup>) place, the suggested USBC playoff rules will be used.
5. Scores bowled in such playoffs shall not count towards District awards or individual averages, but will count towards all USBC awards.
